

After School Clubs

Fitness Club

The fitness club will aim to increase physical activity while building strength, coordination, and confidence. Our goal is to lay the groundwork for a healthy lifestyle. Activities will include bicycling, basketball, jumping rope, walking, running, aerobics and other activities.

When: Tuesdays and Thursdays 2:30 – 3:15

Who: 2nd -5th grade

Recycling Club

The club is designed to educate a group of students about the importance of recycling through fun activities and games; club members will carry out the mission of collecting recyclable materials throughout our school and to deliver them to the school's recycling collection point.

When: Tuesdays from 2:30-4:00

Who: 3rd-5th grade

Geography Club

Students will “virtually travel” throughout the different regions of the world to learn about geographic landforms continent by continent and ocean by ocean. These will include political and physical features like continents, countries, major cities and major landforms like mountains, rivers, bodies of water, ecosystems and habitats. We'll even learn about the major economies. This club will lead up to the exciting Geography Bee held at Kinser in the spring where students can win awards, certificates, and prizes!

When: 2:30 – 3:00 Tuesdays and Thursdays until Winter Break, then once a week until the Geography Bee

Who: 4th & 5th

Running Club

Students will start with a one mile run building up to two miles. After running, students will participate in a variety of Physical Education Activities to promote better health, fitness, personal well-being, and self esteem.

When: Dates will be provided by sponsor

Who: 4th & 5th

Eisa Taiko Club

Eisa is a dynamic okinawan drum performance that is performed many times throughout the year at various festivals. Eisa performances are concentrated around July-September. It is also danced by 20-30 young men and/or women, mainly in a circle to the accompaniment of singing, chanting, and drumming by the dancers. By practicing Eisa Drum, students can learn how to use okinawan traditional music instruments, learn okinawan music, history and language, attend local festivals and events with other Eisa groups in Okinawa.

When: Thursdays, 2:30-3:10

Who: 3rd – 5th grade

Culture Club

The culture club goals and objectives are to celebrate diversity within the school body by advancing the children's understanding of their global environment, and promote diverse cultural ideas and organize activities that promote global awareness!

When: Every third Thursday

Who: 3rd -5th grade

Reading Group for Girls

The students will learn how to select age appropriate books to read geared towards their level of comprehension.

The students will increase their comprehension and reading skills and boost their vocabularies.

We will create an environment that will support our CSI goals to improve reading across the curriculum this will also encourage the students to explore books that will take them beyond their present levels of comprehension.

When: Tuesdays and Thursday

Who: 3rd -5th grade

Computer Club

Students will meet to practice software programs available in the school. Students will use the internet to access websites approved by the school.

Who: Students in grades 1-5

When: Tuesday (grades 1-2) Thursday (grades 3-5)

Homework Club

The club is designed to help students that are struggling with concepts learned in the individual classroom, especially Math. During the club, the students will be mentored and tutored individually by members of the community and teachers. Each student will have a partner to help them learn.

When: Thursdays 2:30 – 3:30

Who: 1st – 3rd grades

Homework Club

The purpose of the club is to assist students with their homework. The teacher will tutor students and help with any problem area that they are struggling with. The teacher's goal is to increase academic performance.

When: Thursday 2:30-3:30

Who: 4th&5th grade

Soroban Club

Welcome to the abacus club or "soroban club". As you may know, an abacus is a tool on which the students can have fun while doing math problems. All the major operations such as addition, subtraction, multiplication, and division can be done on an abacus.

When: Tuesdays, 2:30-3:10

The Kinser Drama Club

Students will learn a variety of dramatic skills and techniques through games, mime, improvisation, skits, and readers' theater. As a culminating activity, they will perform a full length play for the school.

When: Tuesdays and Thursdays, 2:30-3:30

Who: 3rd-5th grade
